MEETING AGENDA

Citizens Concerns

Administrative- minutes review, upcoming meeting schedule

Review the charge of Acton's Transportation Advisory Committee

We will touch on this topic and have a longer discussion at a future meeting.

Chair will provide a brief update on Acton's transportation services and other CrossTown Connect programs, plus update on recent grant applications.

Topics include: Lowell Regional Transit Authority's application for funding for weekend service through MassDOT Regional Transit Authority Discretionary Funding program; Metropolitan Area Planning Council application on behalf of several towns in our planning subregion; state Efficiency and Regionalization funding for after hours on-demand service through taxis or Transportation Network Companies (Uber/Lyft type service); new Greater Acton Adaptive Bike Coalition.

Committee will hear input from residents on Acton's services and CrossTown Connect programs

This agenda item describes the bulk of this particular meeting of the Transportation Advisory Committee. We are holding this meeting at the Senior Center with the hope that some present or potential users of Acton's services will share their experiences and ideas.
