Select Board Members,

Constituents in Acton and our neighbors in Boxborough must be safe from personal attacks by Board members. There must be zero tolerance for the use of an elected office to air personal grievances.

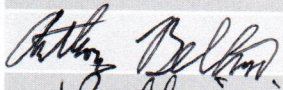

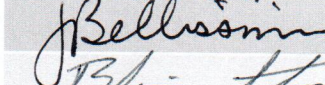

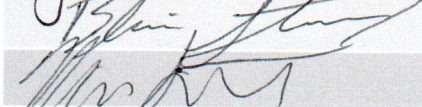

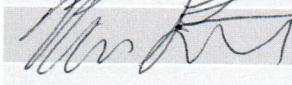

Mr. Benson abused his elected position to publicly target, dehumanize, and slander individual Acton and Boxborough townspeople with whom he disagrees, including elected officials and clergy, during the "Chair's Update" of the past two Select Board meetings (4/5/21 and 4/12/21). This is an exploitation of the public office and creates a hostile environment, particularly for the citizens he singled out as threats to his reputation.

More specifically,

- Mr. Benson's targets are women of color who are now suffering harassment and are at increased risk of vandalism and physical violence as a result of his actions. Furthermore, Benson's personal attacks support and encourage racial targeting at large, putting all people of color in Acton at risk.
- Mr. Benson attacked a Rabbi, fueling the antisemitism that has already been documented in the town, and placing all Jews at risk of experiencing hate speech and hate crimes.
- Mr. Benson is in violation of the Action Policy Against Racism, a policy authored and adopted by this Board in November 2020. He is not "remaining quiet during moments of discomfort," nor is he demonstrating "humility, courage, respect, and empathy."

Therefore, it is incumbent upon this Board to secure the proper functioning and esteem of the Select Board, the good governance of the Town, and the rights of the public to freedom of assembly and expression. To that end, we, the undersigned, demand:

- The immediate demotion of Jon Benson from his position as Chair, and the advancement of the Vice Chair to the position of Chair until Town Meeting on June 21st.
- A verbal and written apology, issued publicly by Mr. Benson, to the individuals he named during the 4/5/21 Select Board meeting.
- A resolution from the Select Board condemning the Chair's inappropriate behavior, expressing support for the individuals named by Mr. Benson, and affirming the public's rights to assembly and freedom of expression and the Board's commitment to protecting those rights.
- All current and future Select Board members participate in active bystander training.

Select Board Members,

Constituents in Acton and our neighbors in Boxborough must be safe from personal attacks by Board members. There must be zero tolerance for the use of an elected office to air personal grievances.

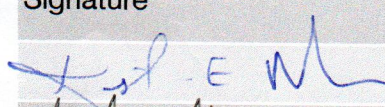

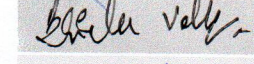

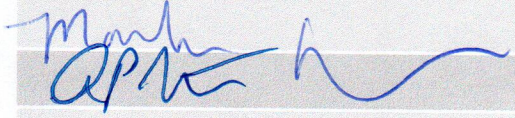

Mr. Benson abused his elected position to publicly target, dehumanize, and slander individual Acton and Boxborough townspeople with whom he disagrees, including elected officials and clergy, during the "Chair's Update" of the past two Select Board meetings (4/5/21 and 4/12/21). This is an exploitation of the public office and creates a hostile environment, particularly for the citizens he singled out as threats to his reputation.

More specifically,

- Mr. Benson's targets are women of color who are now suffering harassment and are at increased risk of vandalism and physical violence as a result of his actions. Furthermore, Benson's personal attacks support and encourage racial targeting at large, putting all people of color in Acton at risk.
- Mr. Benson attacked a Rabbi, fueling the antisemitism that has already been documented in the town, and placing all Jews at risk of experiencing hate speech and hate crimes.
- Mr. Benson is in violation of the Action Policy Against Racism, a policy authored and adopted by this Board in November 2020. He is not "remaining quiet during moments of discomfort," nor is he demonstrating "humility, courage, respect, and empathy."

Therefore, it is incumbent upon this Board to secure the proper functioning and esteem of the Select Board, the good governance of the Town, and the rights of the public to freedom of assembly and expression. To that end, we, the undersigned, demand:

- The immediate demotion of Jon Benson from his position as Chair, and the advancement of the Vice Chair to the position of Chair until Town Meeting on June 21st.
- A verbal and written apology, issued publicly by Mr. Benson, to the individuals he named during the 4/5/21 Select Board meeting.
- A resolution from the Select Board condemning the Chair's inappropriate behavior, expressing support for the individuals named by Mr. Benson, and affirming the public's rights to assembly and freedom of expression and the Board's commitment to protecting those rights.
- All current and future Select Board members participate in active bystander training.
