### OPEN SPACE AND RECREATION PRESENTATION

Peter spoke about the survey that was sent out in May. He said that there had been a few problems but they had received a 20% response rate. **Partial Sewer Connection** – Dore' spoke about the issues regarding the partial sewer connections and the effect Grace will have on the district. Dore' agreed it may take two meetings and they are complex. Peter said we could do it as part of the BOS or call it a Sewer Committee to be handled like NESWC. With the residents of the district invited to attend. Peter said that we should do it in October

Dore' outlined the question of laying the pipe but not hooking up until their system failed. It was thought that they might connect without authority. Don echoed the sewer project

manager and he agreed that this could be a problem, one or two would not seem to a problem but there could be many more requests. Don will come back with a policy.
