Documents Reviewed (2nd Review):

Landscape Plan - Revised – Suzanne McDonough, RLA – Dec. 29, 2015, Revised 8-19-16

At our first design review, this project was supported by the board with the condition that a planting buffer be added between the proposed building and the bike trail. The revised drawing shows a buffer of mixed evergreen and deciduous trees and shrubs. The proposed screening is appropriate for the intended use. With this additional planting, the DRB has no other suggestions and supports this project.

Respectfully submitted,
