---

MEETING CALLED TO ORDER AT: 2:05pm

Mt. Hope – The Land Steward Committee (LSC) was pleased that Commissioners were willing to hear LSC proposals for marking trails, putting up signs indicating cemetery land and putting up poster shelters and map boxes on undeveloped cemetery land and the newly-acquired contiguous Town property of 176 Central Street. The LSC will prepare proposals and check whether the Conservation Commission has to be involved.

Annual Report – Allura Overstreet and Joe Will will work on a draft of the Commission's Annual Report.

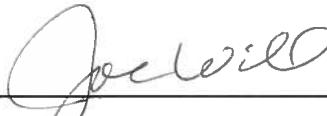

Kennedy Service Building Renovations – Discussion focused on possible enhancements (e.g., cemetery signage, historical research, Civil War display) that would encourage the Town to provide funds — about \$40K — needed to make it possible to complete the renovations. Franny Osman will take the matter to Peter Berry with the intent that the two of them will then discuss with Steve Ledoux the possibility of asking for funding at the April 2017 Town Meeting, possibly as part of a Municipal Improvements article.

Meeting adjourned at: 2:45pm

Next meeting scheduled for: 12/21/2016 2pm
