PRESS RELEASE:
Baker-Polito Administration
Announces Statewide Rollback to
Phase Three, Step One, Additional
Restrictions Effective December 13th
Governor Baker Announces New Restrictions

Statewide for Capacity, Mask Compliance and Distancing Due to Increased Cases, Hospitalizations

Today, the Baker-Polito Administration announced that effective Sunday, December 13th, all communities in Massachusetts will return to Step 1 of Phase 3, of the Commonwealth's reopening plan. This will reduce indoor capacities across a broad range of sectors of the economy and tighten several other workplace restrictions. The Administration announced the roll-back to respond to an increase in new COVID-19 infections and hospitalizations since the Thanksgiving holiday that is straining the health care system in Massachusetts.

The return to Step 1 will also require the closure of certain businesses designated as Step 2 industries. These include indoor performance venues and certain high-contact indoor recreational businesses. In addition, capacity limits will be reduced to 40% statewide for most industries, and the limit on outdoor gatherings will be reduced statewide from 100 persons to 50 persons. Additional safety measures will be applied to restaurant dining as well.

These new measures are designed to prevent infection and viral spread, especially in indoor settings. They will create stronger mask compliance, more social distancing, and limits to the time spent with people outside of your immediate household.

The Administration also announced additional guidance for certain sectors including restaurants, office spaces and gyms, to address activities where mask wearing is not possible at all times.

Phase III, Step I:

Effective December 13, all communities will roll back to Phase 3, Step 1 of Massachusetts' re-opening plan, including the following restrictions:

- Outdoor gatherings at event venues will be limited to no more than 50 people
- Hosts of outdoor gatherings of greater than 25 people will be required to provide advance notice of the gathering their local board of health
- Indoor theaters and performance venues and higher contact indoor recreation businesses will be required to close to the public
- Outdoor theaters and performance venues will be limited to 25% capacity, and no more than 50 people

In all communities, capacity will be reduced from 50% to 40% for the following sectors:

- Arcades/Indoor and Outdoor Recreational Businesses
- Driving and Flight Schools
- Gyms/Health Clubs
- Libraries
- Museums
- Retail
- Offices
- Places of Worship
- Lodging (common areas)
- Golf facilities
- Movie Theaters (Maximum 50 people per theater)

This new capacity limit will not apply to sectors that do not currently have a percentage-based capacity limit, including restaurants, laboratories and close contact personal services.

Restaurants and Venues

The Administration also announced new guidelines for restaurants and other venues with seated dining, including:

- Patrons must wear masks at all times except when eating and drinking
- Restaurants must seat no more than six patrons per table
- Restaurants must impose a 90-minute time limit on tables
- Musical performances at restaurants will no longer be permitted

- Food court seating must be closed in malls
Customers are encouraged to dine only with members of the same household.

Offices and Gyms

- The Administration announced new guidelines for workplaces and gyms, including:
 - In offices, employees must wear masks at their place of work when not in their own workspace and alone
 - Employers are encouraged to close or limit the use of break rooms
 - Patrons must wear masks at all times in gyms
- The Administration continues to encourage all employers to offer teleworking to their employees when possible.

Town of Acton Designated as "Medium Risk" Community

According to the statewide public health data released from MassDPH on Dec. 1, the Town's designation is still "yellow," indicating a "medium risk" in the community.

According to the state data, Acton's average daily incidence rate, which the state uses to calculate risk determinations, has risen to 19.9 per 100,000 residents.

As cases continue to rise not just in our community, but throughout the entire state, it is vital that we all take the necessary precautions to prevent any further spread of COVID-19. This includes following CDC guidance regarding celebrating holidays this year. Thank you for your understanding and cooperation, working together toward a common goal is essential for stopping the spread of this disease in our town.

Residents are urged to continue to practice social distancing, wear face coverings in public and limit their interactions with anyone who lives outside of their household.

According to the Centers for Disease Control and Prevention, traveling increases one's potential to be exposed to COVID-19 and of potentially spreading it to others. Staying home and observing the holidays with those in your household or hosting a virtual celebration are the best ways to protect yourself and others from COVID-19.

COVID-19 prevention tips from the Massachusetts Department of Public Health include:

- Remember that an infected individual can spread COVID-19 before they have symptoms, which is why social distancing, maintaining a minimum of 6 feet from others, is critical.
- Those who must go out are urged to:
 - Avoid gathering in groups
 - Maintain 6 feet from people outside your household
 - Do not shake hands or hug
 - Wash your hands often
- Those who are at a high risk for COVID-19, including those over the age of 65 and with underlying health conditions, are advised to stay home and avoid non-essential tasks and errands
- Wear a mask in all public indoor and outdoor spaces. This does not apply to those with underlying health conditions.
- Face coverings should:
 - Cover the nose and mouth
 - Fit snugly and comfortably against the side of the face
 - Be secured with either ties or ear loops
 - Permit breathing without difficulty
 - Be able to be washed and machine dried without damage. Face masks should be washed regularly depending on the amount of use.
