TOWN MANAGER'S UPDATE

In October of 2021 the Select Board completed a comprehensive community engagement process for allocating the \$7,072,733 in federal funds received from the American Rescue Plan Act. At that time, the Board allocated \$5.1 million for various initiatives including town-wide capital projects, support for the school and water districts, and initiatives to support community climate resiliency and sustainability efforts. The Board over the past several weeks has re-engaged the community to allocate the remaining funds. A revised investment plan is being discussed by the Board on October 3rd following stakeholder engagement and discussion with the Finance Committee. The latest information about ARPA is available at actonma.gov/ARPA.

At its meeting of September 12th, the Select Board approved a proposal for the Town to join the Massachusetts Bay Transportation Authority Youth Pass Program. This initiative provides free CharlieCards for Acton residents between the ages of 12 and 25 years old and reduced fares on MBTA services including Commuter Rail, bus, subway, and ferry services. For more information on eligibility requirements and the application process, please visit mbta.com/youthpass.

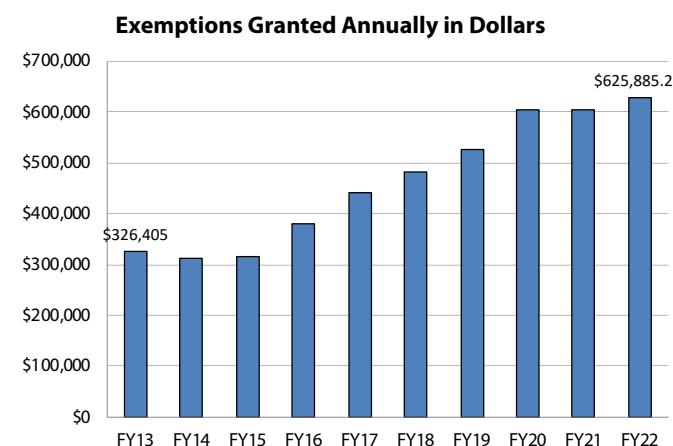

The town offers many tax relief programs for residents. The chart below shows a 30% increase in dollars granted for tax exemptions in the last five years. Last year, more than 227 households received exemptions totaling \$625,885. The Assessor's Office publishes a packet (shown at right) each year which contains a list of tax exemption programs available to Acton residents who meet the qualifications. These can also be found by visiting actonma.gov/taxrelief. Please visit the Assessor's Office in-person or call 978-929-6621 to discuss tax relief options.

COMMUNITY CONNECTION

Acton's Dog Park Public Design Forum, Wed., October 26, 7:00 PM

Acton Town Hall, Room 204 and via Zoom

Acton is home to over 2,000 dogs and their owners. Some take walks, some run on trails, but many need a secure and safe place to run, play, and socialize. And, like parents that bring their kids to playgrounds, dog owners benefit from the connections that are made when they come together.

Acton's Dog Park Committee, Recreation Commission, and Dale Design Associates have worked together on a preliminary dog park design for the parcel at 348 Main Street. Grant funding from the Stanton Foundation will fund nearly the entire project.

On Wednesday, October 26, residents have an opportunity to review and comment on the design to date and help make this vision a reality. Visit actondogpark.weebly.com and [facebook/ADPCActon](https://www.facebook.com/ADPCActon) to learn more about how this exciting project will benefit our entire community.

Check the meeting calendar on the Town website www.acton-ma.gov to access the Acton Dog Park Committee's 10/26/2022 meeting agenda, which will contain the Zoom link to participate remotely.
