

Route 2 Corridor Study Virtual Public Meetings

What is happening?

Two live virtual Public Information Meetings will be hosted to present overviews of the Route 2 Corridor Study. The Study team will present updates on the scope and status of the Study, alternatives, and next steps. There will be an opportunity for public comments and questions following the formal presentations. These meetings will contain identical content for the convenience of the public.

How will this affect you?

The Study consists of identifying existing and future conditions to develop concept-level alternatives and proposing operational, safety, and multi-modal enhancements for Route 2.
